JUDICIAL.

Proceedings of the Government of Mysore,

READ THE FOLLOWING PAPERS:—

I. Letter No. 255—S., dated 6th September 1895, from the Deputy Commissioner, Hassan, reporting that transport licenses covering consignments of arms, &c., are received after the time allowed, and suggesting that the licenses should be forwarded to the Taluk Police prior to the despatch of the articles, and that the consignments should be broken in the presence of the local Police.

II. Letter No 236—70, dated 22nd September 1895, from the Deputy Commissioner, Chitaldrug, expressing his concurrence with the suggestions contained in the above.

III. Letter No. 425, dated 24th September 1895, from the Deputy Commissioner, Mysore, submitting that the time now given by the Resident was ample, that the packets are generally opened in the presence of the Police and that there was no occasion to complain of short notice in his District.

IV. Letter No. 348, dated 9th October 1895, from the Deputy Commissioner, Bangalore, stating that the articles are not unpacked except after inspection of the Police.

V. Letter No. 402—3, dated 12th October 1895, from the Deputy Commissioner, Shimoga, reporting that the practice obtaining in his District as well as in the Hassan District appeared inconsistent with rules.

VI Letter No. 289, dated 15th October 1895, from the Deputy Commissioner, Kadur, submitting that consignments of arms, &c., should be delivered to consignees at the Police Stations and that they should therefore be ordered to be sent to the Police Stations.

VII. Letter No. 1487—377, dated 18th October 1895, from the Deputy Commissioner, Kolar, submitting that as the practice obtaining in his District also did not admit of the consignments being properly checked, the suggestions of the Hassan Deputy Commissioner may be enforced.

VIII. Letter No. 373, dated 18th October 1895, from the Deputy Commissioner, Tumkur.

Adverting to the Government Order No. 3845-51—J 429 of the 20th September 1895, forwarding copy of letter No. 255—S, dated the 6th idem, from the District Magistrate of Hassan, submitting certain proposals *in re* licenses for the import of arms and ammunition, and calling for the submission of my views on the subject, I have the honor to state that copies of such licenses are, as a rule, received in this office long before the expiry of the time granted for the transport of the articles mentioned therein. Intimation of the receipt of the license is immediately given to the Taluk Head of Police concerned. On arrival of the consignment the consignee gives intimation to the Head of Police who proceeds to the shop of the license-holder, and after checking the stock on hand with the accounts kept by the latter causes the new consignment to be opened in his presence and compares the quantities with the details given in the license and allows the same to be brought on the account. The packages are not broken except in the presence of a Police officer.

2. Rule 6 of the Rules framed under the Mysore Arms Regulation, 1890, requires that the consignee shall deliver the transport license to the District Magistrate within six days of the articles reaching their destination and the consignee is liable to be prosecuted for any breach of this Rule.

3. I think that the existing rules are sufficient for all purposes.

No. 5613-20—J. 627, DATED, BANGALORE, 8TH NOVEMBER 1895.

ORDER THEREON.—On the representation by the Deputy Commissioner of Hassan of certain difficulties experienced in his District in checking the quantities of consignments of arms, &c, the Deputy Commissioners of the other Districts were consulted. The District Officers of Chitaldrug, Kolar and Kadur have expressed their concurrence with the views of the Hassan Deputy Commissioner, while the Deputy Commissioners of Tumkur, Mysore, Bangalore and Shimoga are of opinion that the existing rules have been found sufficient for the purposes stated.

2. The Government are of opinion that if adherence to Rule 6,* which is based on a similar rule issued by the Government of India, be strictly enjoined, and the procedure followed in the Tumkur District be adopted in the other Districts also, the difficulty referred to by the Hassan Deputy Commissioner will not be experienced. The time now given by the Resident seems ample as observed by the Deputy Commissioner, Mysore. No alteration of the existing rule is therefore called for at present.

* Within six days of the articles reaching their destination, the consignee must deliver the transport license to the Magistrate of the District, who must satisfy himself that the articles transported to his District correspond with the entries in the pass, and that any deficiency is properly accounted for.

V. N. NARASIMMIYENGAR,
General Secretary.

To—The Deputy Commissioner, Hassan.
The other Deputy Commissioners.

READ :—

Letter No. 930, dated 25th September 1895, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore to the General Secretary to the Government of Mysore, Bangalore.

I have the honor to forward herewith for orders of Government, letter No. 36, dated 23rd instant, with a packet of ragi flour and ragi, received from the Hospital Assistant, Nelamangala, and to state that I see no objection to Hospital Assistants giving opinions in cases of small importance, but in more serious cases the District Medical Officers or Chemical Examiner should be referred to.

Enclosure.

From the Hospital Assistant, Local Fund Dispensary, Nelamangala, to the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, Bangalore, No. 36, dated 23rd September 1895.

I respectfully beg to be instructed whether Hospital Assistants are authorized to grant certificates or not when damaged articles of food stuff, such as grains, flesh, adulterated ghee and oil, &c., are sent to the Hospital Assistants either by the Police or Magistrates to be furnished with certificates as to the wholesomeness or otherwise of such articles of food stuffs to be used by people without any danger to the public health. A case of similar nature has just occurred in a village Kodihalli of this Taluk, where a family of six members having eaten damaged ragi (given by another person) as food were suffering much and in a dangerous state, and I proceeded to the village to treat them at the request of the Police Inspector as reported to your office, in my letter No. 35, dated 20th September 1895. The Inspector has sent me the ragi flour and ragi, with a request to be informed as to its fitness or otherwise to be used as food by human beings.

A sample of ragi flour and ragi in question is herewith enclosed for your kind inspection and instructions to me whether such certificates may be granted in the present circumstance as well as in similar cases which may occur in future.

Letter No. 2272—112, dated 12th November 1895, from the Registrar of the Chief Court of Mysore, to the General Secretary to the Government of Mysore.

With reference to your letter No. 5123—J. 582, dated 1st November 1895, requesting the views of the Chief Court on a question referred to by the Senior Surgeon and Sanitary Commissioner for the orders of Government as to whether Hospital Assistants can grant certificates declaring the wholesomeness or otherwise of food stuffs, at the instance of the Police or the Magistracy, I am directed to state that the Chief Judge and his colleagues are of opinion that, if evidence is required in a judicial enquiry, the grantor of the certificate will have to be examined. Consequently, the certificates should be obtained from the person most competent to give evidence in the matter. But in any case the certificate itself is not evidence, and there appears to be no valid objection to the grant of a certificate *quantum valeat* by a Hospital Assistant.

No. 6350-60—J. 711, DATED, BANGALORE, 28TH NOVEMBER 1895.

ORDER THEREON.—The Government concur with the views expressed by the Chief Court in the letter read above.

V. N. NARASIMMIYENGAR,
General Secretary.

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Deputy Commissioners of Districts.
The Inspector General of Police in Mysore.
Registrar of the Chief Court of Mysore.

READ :—

Letter No. 1770—453, dated 7th November 1895, from the District Magistrate, Kolar, enquiring with advertance to Government Notification No. 1, dated 1st May 1895, whether any limit to the number of guns that may be possessed by exempted persons could be prescribed by the District Magistrate.

No. 5968-75—J. 658, DATED, BANGALORE, 15TH NOVEMBER 1895.

ORDER THEREON.—This reference was unnecessary. The Rules give ample discretion to the District Magistrate, who is competent to decide in each case whether the application to possess or carry more weapons than one is reasonable. Whenever the District Magistrate considers that the numbers or quantities asked for are in excess of actual requirements and are not required for personal use, protection, &c., and that it is not reasonable for the applicant to carry or possess them, the District Magistrate should use his discretion in granting or refusing the application, and issue licenses only for such numbers or quantities as he may deem proper.

V. N. NARASIMMIYENGAR,
General Secretary.

To—The Deputy Commissioner of Kolar.
The other Deputy Commissioners for information.

Letter dated 21st October 1895, No. 371, from the Deputy Commissioner of the Bangalore District.

I have the honor to acknowledge the receipt of Government Proceedings No. 2101-12—L. F. 379-92, dated 12th August last, directing that the system of entrusting to non-official members of local bodies, the supervision of small public works of local interest may be tried tentatively till the end of the official year, and to submit that it is certainly good and desirable to expand and develope the principle of local self Government and to enlist the co-operation of the non-official members of local bodies in the execution of small public works of local interest, but in my humble opinion, time has not yet come to enforce the aforesaid principle in its integrity and to do away with the direct departmental supervision.

2. Colonel Bowen seems to compare the Local Fund and Municipal Fund works with the petty revenue works about which his instructions are contained in his Circular Memo No. 81 of 20th July 1886. But it has to be submitted that the grant for revenue works is very small and hardly exceeds a couple of thousand rupees a year, which, when distributed over several taluks, gives about Rs. 100 or 150 to each Amildar, who utilizes it for a few selected works, and that the work to be done is nothing but ordinary repairs generally done to buildings by the common laborers. The system of preparing estimates and reports, as well as accounts, is extremely simple. As regards the Supervising Agency there will be a Government official in charge of the building undertaken and he knows that he will be held responsible for the proper use of the money sanctioned and that any remissness on his part will affect his appointment. The limit of sanction of a work does not exceed Rs. 250, and I beg to annex in the margin, a statement showing the number of works undertaken by the Revenue Department and the amount spent annually since the year 1886, in which the petty construction and repair of Police and Revenue buildings were entrusted to the Revenue Officers with the Local Fund and Municipal Fund works, the case

	No.	Amount
1887-88	21	928
1888-89	22	1,584
1889-90	11	785
1890-91	16	1,405
1891-92	31	1,522
1892-93	8	1,069
1893 94	24	1,688
1894 95	29	1,282

is quite different. The annual grant is large and the expenditure is not less than $\frac{3}{4}$ths of the sum spent by the Executive Engineer of the District. The works will be scattered and far apart from one another throughout the District and will be of various descriptions. Government requires an exhaustive and accurate estimate, or notification of sanction for each work and the system of bills, vouchers and accounts and payments is more elaborate and detailed than is in the Public Works Department. No separate establishment is allowed to do this work. It is at present done by the Work Inspector, in addition to his supervising the execution of works. All this cannot be expected to be done by the non-official members of the local bodies concerned. They are generally men of large concerns and fully engaged in attending to them. They may, however, in case of Municipal works, be induced to supervise them at their leisure hours, as these works will be where they reside, but an agency for the laying out and starting of works costing large sums, for taking measurements and for doing the clerical labor is unavoidable. As a matter of fact, the interest and co-operation of Municipal members is always enlisted and secured wherever possible at present. As regards the Local Fund works, even their help of supervision cannot be counted upon, if they are situated at a distance from their home. It is very unlikely that at the present state of the constitution of the Boards, a non-official member would undertake the trouble and expense of gratuitous journeys for superintending a well, a road, or chavadi or chattram some miles away from his place. Some taluks have no members on the Local Fund Board.

1894-95 ...	12,320	3,771	12,936	29,036	44,744

8. In addition to the above, it has to be prominently brought to notice that, if a work is mismanaged and a loss is sustained, we have no means of punishing the member and reimbursing our loss.

4. The Chief Engineer in his letter No. 2444, dated 29th May 1895, para 4, suggests the letting out of *all* petty works to one or more selected contractors. Petty contract system is invariably followed and sufficient competition only is allowed so that one or two men of influence may not monopolize all the works and sublet them to others.

5. The amount spent by the Revenue Department from Local Funds and Municipal Funds being, as stated above, not inconsiderable, and as the abolition of the present supervising staff of Work Inspectors may lead to wastage of public money, I have taken the liberty of submitting my views in the matter for the consideration of Government before doing away with the Work Inspectors now employed.

6. I would suggest the advisability of trying the experiment in one or two taluks of the District, at the same time retaining the Work Inspector also, as an aid to the Local Fund Board Member.

7. Favor of early reply is solicited.

No. 5156-64—L. F. 379-92, DATED, BANGALORE, 2ND NOVEMBER 1895.

ORDER THEREON.—In para 2 of the Government Proceedings, dated 12th August 1895, No. 2101-13—L. F. 379-92, the Deputy Commissioner was requested to give a fair trial wherever possible to the system suggested by Colonel Bowen. The Deputy Commissioner should have accordingly endeavoured to give effect to this order as far as possible and report the result to Government at the end of the official year, but it is undesirable to pronounce any opinion for or against the system before giving it a fair trial and it is also unfair to the members of Municipal and Local Fund Boards to presume their incapacity or apathy or to anticipate mismanagement and loss resulting therefrom. From a report recently submitted by the Tumkur Deputy Commissioner, the Government are glad to learn that the members of the Municipal Board have cheerfully come forward to assist in the supervision of small public works of local interest. Similar co-operation is expected from the members of Municipal and Local Fund Boards of all Districts. The Deputy Commissioner of Bangalore is therefore requested to convene without further loss of time meetings of Local Fund and Municipal Boards in his District, explain or cause to be explained to the members thereof the orders of Government and induce them to take the responsibility of supervising small works of the kind specified in para 4 of Colonel Bowen's letter printed in the Government order quoted above. If in any particular case members express their inability to supervise the works without an Inspector, a Work Inspector may be specially allowed, if considered necessary, having regard to the expenditure annually incurred from Local Funds.

Letter from the Deputy Commissioner of Tumkur, No 323, dated 26th September 1895.

As resolved by the District Fund Board in para 15 of their Proceedings, dated the 27th and 28th August 1895, submitted with this office letter No. 252 of the 5th instant, I have the honor to submit herewith for sanction a revised District Fund Budget for the year 1895-96, with a memorandum explaining the items for which increased or reduced provision is now made, as compared with the Budget estimate sanctioned in Proceedings No. 24101-5—L. F 145-94, dated 25th June 1895.

2. The actual opening balance of the District Funds on the 1st July 1895 was Rs. 69,045-14-9 as per Comptroller's docket No. 477—L. F. of the 11th September 1895 (copy appended for ready reference.)

The receipts for the year 1895-96 being estimated at Rs. 68,500, the total assets amounted to Rs. 1,37,545-14-9. Setting apart the usual 25 per cent amounting to Rs. 34,386-7-8, the balance available for expenditure during the year is Rs. 1,03,159-7-1. The revised Budget now submitted is for Rs. 1,02,144, which, I beg, may be sanctioned at an early date.

No. 6212-4—L. F. 145-94, DATED, BANGALORE, 23RD NOVEMBER 1895.

(*c*) Provision is made in the above Budget for a care-taker on Rs. 5 to the Inspection Lodge at Baichapur in the Maddagiri Taluk and also for those in the marginally noted Musafirkhanas, but they are not included in the list of Bangalos and Musafirkhanas published with Proceedings No. 1365-6—L. Proceedings of the Government of Mysore,

READ :—

Letter dated 25th October 1895, No. 316—93, from the Deputy Commissioner, Chitaldrug District.

With reference to the marginally noted proceedings of Government regarding the employment of a Municipal Overseer on Rs. 25 a month in lieu of the existing Mutsaddi and the retention also of the latter till the end of June 1896, I have the honor to state that the Municipal Board of Davangere represent that the clerical as well as the executive work of this large Municipality cannot possibly be attended to by a single individual, namely, an Overseer on Rs. 25 a month. They therefore propose that the Overseer on Rs. 25 be dispensed with and in his place another on Rs. 15 and a Mutsaddi on Rs. 10 a month be employed, the services of the former being confined solely to public works and that of the latter to the supervision of conservancy and to clerical, collection and other duties. I consider the proposal a very feasible one and request that the same may be sanctioned.

No. 84-5—L. F. 30-94, dated 3rd July 1895.

No. 5579-80—L. F. 30-94, DATED, BANGALORE, 8TH NOVEMBER 1895.

ORDER THEREON.—The proposal of the Deputy Commissioner to appoint an Overseer on Rs. 15 and a Mutsaddi on Rs. 10 in lieu of the existing Overseer on Rs. 25 per mensem in the Davangere Municipality, which involves no extra cost to the Municipality, is approved.

General Secretary.

Docket dated 5th November 1895, No. 75, from the Deputy Commissioner of the Kadur District, stating, with reference to Government Official Memorandum dated 11th October 1895, No. 4082—L. F. 72-95, that owing to the non-receipt of adjustments from the Comptroller for the month of June 1895, the Municipal Report for 1894-95 may be allowed to lie over.

No. 5719-27—L. F. 72-95, DATED, BANGALORE, 12TH NOVEMBER 1895.

ORDER THEREON.—As it is highly desirable that the annual administration reports should be submitted to Government on the due dates and as the Deputy Commissioners' reports would be incorrect in the absence of the adjustments, the Comptroller is requested to intimate to the Deputy Commissioners concerned the adjustments for June 1895 as early as practicable.

2. The Comptroller is also requested to expedite the submission of the annual accounts with complete details for the year 1894-95, as they are now over due.

Letter from the Deputy Commissioner of Bangalore District, dated 12th October 1895, No. 346:—

Adverting to Government Proceedings No. 819-23—L. F. 164-95, dated 16th July 1895, sanctioning the Budget Estimates of the several Minor Municipalities of the Bangalore District for 1895-96, I have the honor, with reference to para 16, to state that Rs. 100 provided in the Budget of Yelahanka under "C. Cattle pounds" include the cost of repairs to the building.

2. The increase of one rupee to the pay of Rs. 5 now drawn by the 2 sweepers at Kankanhalli has been disallowed because the proposed pay of the supervising peon is only Rs. 5 per mensem. I beg to submit that it is easy to get a peon on Rs. 5 and not a sweeper, and therefore to solicit that the increase disallowed may kindly be sanctioned. Kankanhalli is an out-of-the-way town and much difficulty is experienced in securing professional sweepers as already reported in this office No. 1344, dated 8th May 1895.

3. Anent the increased hire of conservancy carts I beg to invite reference to this office No. 1049, dated 2nd March 1895, explaining the necessity for higher rates of wages.

4. The employment of Mutsaddis at Hoskote, Closepet and Anekal has been ordered to be deferred pending the revision of Taluk Establishments. This revision may take long. Want of a competent hand to attend to the maintenance of the several Registers and preparation and submission of the numerous Returns and Bills prescribed by the Government is very much felt, and I respectfully solicit sanction to entertain these Mutsaddis pending the contemplated revision of Taluk Establishments.

No. 6072-3—L. F. 22-94, DATED, BANGALORE, 18TH NOVEMBER 1895.

ORDER THEREON.—The explanations submitted in the above read letter are accepted and the proposed employment of Mutsaddis for the towns of Hoskote, Closepet and Anekal as well as the marginally noted increases and the provisions made for them and the sum of Rs. 100 entered for the cattle-pound at Yelahanka are approved.

1. Increase of pay to two sweepers at Kankanhalli from Rs. 5 to 6 per mensem.
2. Increase of hire to the two conservancy carts at Channapatna from Rs. 12 to 15 each per mensem.

2. The estimated receipts and expenditure of the several Municipalities of the Bangalore District as now modified will stand as shown in the following Statement.

Government Proceedings No. 1747-57—R. 212 dated 30th July 1894, issuing instructions regarding the adjustment of the Irrigation Cess merged in the assessment of wet and garden lands in Taluks settled subsequent to February 1875.

ALSO.—

Government Proceedings No. 8583-4—R. 1268 dated 26th November 1894, sanctioning the introduction of the Survey Settlement into the Chamrajnagar Taluk of the Mysore District.

No. 4432-35—R 1731, DATED BANGALORE, 6TH NOVEMBER 1895.

ORDER THEREON.—The Irrigation Cess merged in the assessment of wet and garden lands in the 30 villages of the Chamrajnagar Taluk settled during the year 1877-78 and included in the list appended to the Government Proceedings No. 1747-57—R. 212, dated 30th July 1894, read above, is Rs. 1,172. This being added to the Irrigation Cess of Rs. 1,734 merged in the assessment of wet and garden lands in the remaining portion of the Taluk settled in 1894-95, the total for the whole Taluk will be Rs. 2,906. The totals for the Mysore District and the whole of the Province will accordingly be Rs. 30,398 and Rs. 1,56,444, respectively. The Comptroller will continue to show the latter amount in his Provincial account as a separate disbursement on account of contribution to Irrigation Fund, pending the introduction of Survey Settlement into the remaining three Taluks of the Province.

Docket No. 537, dated 1st November 1895, from the Muzrai Secretary, forwarding his Memo, dated 8th October 1895, on the subject of the remission of the Khalsat assessment on Devadaya Inams.

MEMO.

Frequent representations having been made at successive Dasara Assemblies that the imposition of Khalsat assessment on minor Devadaya Inams has led to the discontinuance of Puja services in several temples which were unable to pay the excess assessment imposed and that therefore the Khalsat on Devadaya Inams should be remitted, detailed statements of such Inam lands have been called for for the purpose of ascertaining the exact amount of Khalsat assessment complained of. These statements have been received only from some of the Districts and reminders have been sent to Deputy Commissioners of the other Districts to expedite the submission of their statements.

Again, in this year's (1895) Assembly, the question of remission of Khalsat assessment on Devadaya Inams was strongly urged as a general question by the Representative members from nearly all the Districts, who also represented that several of the Inam lands are being attached and sold by the Revenue authorities for arrears of Khalsat assessment due thereon, and prayed that orders may be issued to remit the Khalsat assessment on all Devadaya Inams as also to abstain from the attachment and sale of such lands for arrears of Khalsat demand, as otherwise the temples concerned could not get back the lands once sold, even though the arrears due thereon should be subsequently remitted by Government. In reply, the members were informed that early orders would be issued on the subject.

With reference to the above, I now request that Government will be pleased to issue early instructions to Deputy Commissioners to postpone the collection of Khalsat assessment on all Devadaya Inam lands now actually *in the possession and the enjoyment of temples*, pending the final disposal of the question by the Government.

No. 4590-98—R. 1785, DATED BANGALORE, 11TH NOVEMBER 1895.

ORDER THEREON.—Ordered that the foregoing be communicated to the Deputy Commissioners of Districts with a request that they will postpone collection of the assessment on Temple Khalsat lands in actual enjoyment of temples till the disposal of the question as to how these lands should be dealt with.

Letter No. 460 –274, dated 28th October 1895, from the Deputy Commissioner, Shimoga District, recommending that Amildars may be required to submit to their respective Deputy Commissioners quarterly reports of movements, &c., made by them.

No. 4731-38—R. 1831, DATED BANGALORE, 15TH NOVEMBER 1895.

ORDER THEREON.—It is very essential that the Deputy Commissioners and Sub-Division Officers should be kept informed from time to time of the itineration and work of the Amildars and Deputy Amildars under them. The Government are of opinion that fortnightly journals would be useful as affording such information. The Deputy Commissioners are requested to obtain these journals in the Form hereto appended, and after reviewing them submit for the information of Government copies of the reviews thus passed. The journals of Amildars and Deputy Amildars in Sub-Divisions should pass through the Sub Division Officers concerned.

2. In the column of work done, should be noted all such matters as the inspection of villages, irrigation works, survey boundary marks, avenue trees, &c.

3. The column of remarks may be used for reporting information regarding the result of such inspections, as well as for recording impressions formed concerning the state of crops, condition of cattle, sanitation, public health, and other similar matters of general interest.

Season Reports for the week ending 26th October 1895.

No. 4627-34—R. 1794, DATED BANGALORE, 13TH NOVEMBER 1895.

ORDER THEREON.—Government regret to have to notice that notwithstanding the strict orders conveyed in the Proceedings read above, the weekly Season Reports do not appear to undergo that scrutiny in some of the Taluk and District offices which it is very necessary to exercise in the preparation of an important return of the kind. Nor are they received in time to admit of their being thoroughly checked before the Provincial Abstract is prepared in this office and sent to the Press. The reports received from the Kadur and Chitaldrug Districts or the week ending 26th October 1895 contained mistakes as particularized in the margin, and the reports from the Bangalore, Tumkur, Hassan and Chitaldrug Districts were not received till (Wednesday) the 30th of the month, on which date the Provincial Abstract was due in the Press office. Deputy Commissioners are therefore again requested to make adequate *special* arrangements for the correct and timely submission of these reports in future. They should be sent so as to reach this office without fail on Tuesday f the week following that to which they relate.

To—The Deputy Commissioners of Districts.

READ:—

Letter No. 2261, dated 23rd October 1895, from the Comptroller, Mysore Government, submitting a statement showing the number of times the Taluk Treasuries in the Province were inspected during the year 1894-95.

With reference to Government Proceedings No. 13292-300—R. F. 213-92, dated 4th February 1893, I have the honor to submit a statement showing the number of times the Taluk Treasuries in the Province were inspected during the year 1894-95, from which it will be seen that the Chitaldrug District was the only District in which all the Taluk Treasuries were examined twice during the year as required by Government Proceedings No. 20264-72—R. F. 213-92, dated 28th May 1893, while in the other seven Districts some Taluks were not examined at all in detail, others again only once during the year.

The Deputy Commissioner of the Kolar District, in explanation of the omission to have the Chikballapur Taluk Treasury inspected twice, forwarded a copy of docket No. 45, dated 8th August 1895, from the Sub-Division Officer, Chikballapur, which is enclosed for information.

The Deputy Commissioner, Mysore District, in his docket No. 634 of the 8th October 1895 (a copy of which is enclosed) states that he is unable to say why the Taluk Treasuries in his District were not inspected in detail twice during the year 1894-95 as he was not then in the District.

The Deputy Commissioners of the other Districts have not afforded any explanation of the non-inspection of the Taluk Treasuries of their Districts twice during the year.

Statement showing the dates on which, and the officers by whom, the Taluk Treasuries in the several Districts of the Province were inspected during the year 1894-95.

Enclosure No. 45, dated 8th August 1895

His docket No. 4198—2608, and reminder No 525—378, dated 3rd May 1895 and 29th ultimo, enquiring whether 2nd inspection of the Chikballapur Taluk Treasury was made in detail, &c.

Has the honor to forward herewith the report of inspection of the Chikballapur Taluk Treasury held by the undersigned on the 3rd instant and to state that after inspecting the Treasuries of Goribidnur and Bagepalli the undersigned returned to Chikballapur on 28th June last. As the Taluk Treasury of Chikballapur was then busily engaged in receiving Kandayam amounts on account of the close of the year, the undersigned could not inspect that Treasury before the close of the year.

Enclosure No. 634, dated 8th October 1895.

His docket No. 2007, dated the 3rd October 1895.

Has the honor to forward herewith a revised statement showing the names of the Taluk Treasuries inspected during the year 1894-95, and to state that the statement sent with this office docket No. 473, dated the 5th September 1895, was not received with the docket above quoted. The undersigned is unable to say why the Treasuries were not inspected twice in the year 1894-95 as he was not then in this District.

No. 4800-8—R. F. 213-92, DATED, BANGALORE, 15TH NOVEMBER 1895.

ORDER THEREON.—The instructions conveyed in the Government Circular orders noted on the margin require that every year the Deputy Commissioner or one of his Assistants should verify the Taluk Treasury cash balance more than once and inspect once at least every six months every Taluk Treasury in his District in detail. The foregoing statement shows that the cash balance was not examined at all in the Taluk Treasuries named below, while, in the others with the exception of the Hoskote, Dodballapur, Anekal, Devanhalli, Tirthahalli, Jagalur and Nanjangud Taluk Treasuries, the cash balance was not examined more than once.

2. It is necessary that Shekdars must take advantage of the presence of trained Measurers in their Hoblis and learn the work of measuring, and for this purpose, and with a view to improve this class of officials, it is also desirable that proper encouragement should be held out by promoting only such men as will make themselves useful by learning surveying work, &c.

Survey No. 42	12	18

No. 4997-98—R. F. 2-95, DATED BANGALORE, 17TH NOVEMBER 1895.

ORDER THEREON.—Sanctioned. The land in question will be disposed of under the darkhast rules, and the assessment leviable thereon fixed in communication with the Superintendent of Revenue Survey in Mysore.

2. The number of trees (300) entered in the Deputy Commissioner's statement is evidently incorrect.

3. The record is incomplete. It does not contain the correspondence which resulted in the issue of Order No. 16, dated 4th July 1893, referred to in the Amildar's report of 27th November 1894.

4. Pillanna's darkhast was made so long ago as in November 1882. The land was sub-divided at his request and was allowed to be taken possession of by him in December 1892. He subsequently presented several petitions urging that he had improved the land at a considerable cost, and requesting that a sagnvali chit might be issued to him at an early date, and that the land should not be sold by auction. No notice was apparently taken of these petitions by the Amildar until November 1894. In the first place, Pillanna ought not to have been permitted to take possession of the land before obtaining the sanction of Government. In the next place, his repeated representations were persistently ignored, and much avoidable delay was allowed to occur. The Deputy Commissioner's attention will be drawn to these irregularities with a view to his taking adequate notice of the same and to his adopting such measures as would prevent their recurrence in future.

Letter No. 311, dated 10th September 1895, from the Deputy Commissioner, Mysore District, requesting sanction to the cancelment of so much of the Order contained in Government Proceedings No. 15012-3—151, dated 22nd March 1892, as relates to the old village site of Hosur in the Gundlupet Taluk being assessed and given out for cultivation.

No. 5094-5—R. 1980, DATED BANGALORE, 17TH NOVEMBER 1895.

ORDER THEREON.—The old village site is 8 acres and 8 guntas in extent. The Vernacular record shows that it contains about fifty houses. Some of the raiyats who had either no houses at all in the old village or whose house accommodation therein was too small for their needs, purchased an assessed occupied land close to it for Rs. 50 and applied for permission to build houses thereon. They stated that no vacant sites were available in the old village, and that consequently a few of them were obliged to live in small and unhealthy houses built by them in another village called Panjanhalli. They proposed to remove these last mentioned houses and re-build them on the land which they had purchased as above. In recommending their application for the favorable consideration of Government the Deputy Commissioner fell into an error, and suggested that the old village site might be assessed and given out for cultivation. The Order of Government which was based upon this proposal of the Deputy Commissioner was naturally prejudicial to the owners of the large number of houses which stood in the old *Gauthan*, and which there was no intention whatever of dismantling. The old village site has since been assessed as directed by the Government. The twelve persons for whom the new site was intended have presented the petition referred to in para 2 of the Deputy Commissioner's letter quoted above. The purport of it, as given by the Deputy Commissioner, is clearly incorrect. The petitioners do not say that there was at the outset an intention to abandon the old village site, but that subsequently the villagers had changed their minds. It is evident that the new site was applied for and obtained for the purpose of extending the old village site, and not for that of superseding it. In these circumstances, the Government are pleased to direct the cancelment of the Order of 22nd March 1892 in-so-far as it related to the assessing of the old village site and the giving out of it for cultivation.

2. The Deputy Commissioner will be requested to see that greater care is bestowed on the preparation of alienation statements in his office, and that in submitting reports to Government correct facts are stated.

3. A report should be submitted as to what has become of the sites at Panjanhalli which the applicants for the new site offered to surrender to Government after the re-construction of their houses on the latter.

Letter No. 722—78, dated the 15th September 1895, from the Inspector General of Forests in Mysore, submitting, as required in Government Proceedings No. 8173-4—R. F. 48-94, dated the 19th November 1894, a report on the working of the Timber Depôt at Tumkur and soliciting sanction to the permanent entertainment of the present establishment hitherto paid out of working charges.

2. Letter No. 1254—136, dated the 26th October 1895, stating that for the next 8 months in the current official year the cost of the establishment can be met by transferring Rs. 216 from the District provision under A I (*a*) 'Timber' to B I (*c*) "Subordinate Forest and Depôt Establishments."

No. 4351-52—Ft. 272, DATED, BANGALORE, 5TH NOVEMBER 1895.

ORDER THEREON.—The Government note with pleasure that the Depôt is not only remunerative, but is also useful to the townspeople of Tumkur. During the past official year, the receipts exceeded the expenditure by Rs. 2,561-10-0. The cost of the present establishment consisting of a Mutsaddi on Rs. 10, and three watchers, two on Rs. 6 each and another on Rs. 5, amounts to Rs. 247-10-2 per annum or 4·7 per cent on the gross receipts Rs. 5,293-0-7. Under these circumstances, the Government are pleased to sanction the Depôt Establishment aforementioned being made permanent as recommended by the Inspector General of Forests. A reappropriation statement in the prescribed form should be submitted, providing for the charges of the establishment during the current year. Every effort should be made to reduce as much as possible the felling and carting charges of fuel which is the most important item of receipts.

Letters Nos. 713—69 and 1225—132, dated, respectively, the 14th September and 25th October 1895, from the Inspector General of Forests in Mysore, reporting, with reference to Subject No. 156 discussed at the Dasara Representative Assembly held in October 1894, that Mathi, being a classified tree of the 1st class, should not be given free to raiyats for agricultural purposes, and that under para 5 of the Raiyats' Privileges Rules published under Notification No. 9837—R. F. 226-92, dated the 9th December 1892, Bilvara, Tadasalu and other classified wood of the 2nd class are now allowed free to the Malnad raiyats.

No. 4514-22—Ft. 282, DATED BANGALORE, 6TH NOVEMBER 1895.

ORDER THEREON.—Both the Deputy Commissioner of Shimoga and the Inspector General of Forests consider that the present Rules published with Notification No. 9837—R. F. 226-92, dated 9th December 1892, and No. 5852—R. F. 226-92, dated 25th September 1893, are liberal enough in the matter of privileges allowed to raiyats, and that it is desirable to watch the working of the same before making any further concessions. The Government concur in this opinion. Mathi, which was ever one of the reserved kinds, has been included under 1st class and 'Bilvara' and 'Tadasalu' under 2nd class, in para 3 of the

Rules of 9th December 1892. Raiyats in the Malnad have been specially allowed to take free wood of the classified kinds of the 2nd class for agricultural implements (*vide* para 5); and raiyats both in the Malnad and Maidan have been allowed by para 8 of the said Rules to take classified wood of the 1st and 2nd classes for building and agricultural purposes in village or District Forests on payment of favorable seigniorage. In the Maidan, raiyats are not allowed to take free for agricultural implements wood other than that of the classified kinds as they have lot of jungle wood which would answer their purpose. Moreover, as pointed out by Mr. Ricketts, classified trees of the 2nd class do not occur so generally in the Maidan as in the Malnad, where the requirements are greater as also the wear and tear. Under these circumstances, the Government consider the grant of any further concessions uncalled-for.

Letter No. 714—70, dated the 14th September 1895, from the Inspector General of Forests in Mysore to the Revenue Secretary to the Government of Mysore.

SUBJECT No. 153.

Disposal of Minor Forest Produce.

Summary of Discussion.—The Minor Forest produce of the District Forest is sold by public auction by the Amildar, while that of the State Forests is partly given out on contract by the Forest Department and partly sold after collection by departmental agency. This practice leads to smuggling and entails loss on Government. A uniform practice may be introduced in disposing of items of Minor Forest produce.

Dewan's reply.—The amani disposal is only tentative. There is no objection to trying it for two or three years.

With reference to your Official Memorandum No. 2907—Ft. 155, dated 6th instant, enquiring what steps have been taken to give effect to the Dewan's reply to Dasara Subject No. 153, I have the honor to state that the objection pointed out by the Representative Member is noted, and that instructions will be issued where amani collection is now being made not to lease out other items of minor produce when they fall in time with the item or items collected departmentally, if all the items cannot be so dealt with as in the case of fruit produce. Amani collection in certain well-managed State Forests has resulted in larger receipts than from Izarah and has therefore to be continued. In others as observed by the Dewan, the collection is only tentative to ascertain the actual resources of the important items and to collect necessary data for regulating the future revenue therefrom when sold upon Izarah.

4. Letter No. 154—128, dated 10th August 1895, from the Deputy Commissioner, Shimoga District.

No. 5066-69—Ft. 314, DATED BANGALORE, 30TH NOVEMBER 1895.

ORDER THEREON.—In the Proceedings of Government quoted above, the Demand, Collection and Balance Statements of Forest Revenue for the nine months ending 31st March 1895 were reviewed, and the Deputy Commissioners of Mysore, Shimoga and Hassan were asked to explain the cause of decrease of Rs. 1,00,369 in the total of Demand for the year 1894-95, as compared with that for the year 1893-94.

2. The Deputy Commissioner of Shimoga explains that the decrease was due partly to the completion of railway sleeper work, and partly to a diminution in the quantity of sandalwood sold. The Deputy Commissioner of Hassan attributes the decrease in his District chiefly to the discontinuance of the supply of fuel to the Kempenkote Gold Mining Company in the Channarayapatna Taluk, and to the dulness of the market for sandalwood. The Deputy Commissioner of Mysore explains that the decrease in his District was chiefly under timber and sandalwood, due partly to smaller collection and partly to unfavorable prices.

3. These explanations will be recorded with the observation that the Government trust that every effort will be made to show better results in the current year (1895-96).

27. In subordination to the General Assembly, the affairs of the Bank shall be managed by a Board of Directors consisting of the President and the Agent and of not less than five and not more than seven members chosen every half-year by the General Assembly.

28. The President and the Agent shall have joint power to sign, and to transact business, on behalf of and under the instructions of the Board of Directors. The Agent shall prepare the balance sheet of the Bank for every half year ending 30th June and 31st December, and lay it before the President on or before the 15th of July and 15th of January, respectively, following.

29. If the office of President or Agent becomes vacant, the remaining members of the Board of Directors shall forthwith appoint any member of the Bank (whether on the Board or not) as Provisional President or Agent as the case may be, and convene a meeting of the General Assembly on the earliest date possible for appointing a permanent successor to the vacant office.

30. A retiring Director shall be re-eligible.

31. Subject to the maximum and minimum laid down in para 27 above, the General Assembly, may from time to time in general meeting, increase or reduce the number of members constituting the Board of Directors.

32. Any casual vacancy occurring among the members of the Board of Directors may be filled up by the remaining members of that Board; but any person so chosen shall retain his office so long only as the vacating director would have retained the same if no vacancy had occurred.

33. A general meeting may remove any Director before the expiration of his period of office, and may appoint another person in his stead. The person so appointed shall hold office during such time only as the Director in whose place he is appointed would have held the same if he had not been removed.

Proceedings of Directors.

34. The Directors may meet together for the despatch of business, adjourn and otherwise regulate their meetings as they think fit, and determine the quorum necessary for the transaction of business. Questions arising at any time shall, unless otherwise expressly provided for in these Articles, be decided by a majority of votes. In case of an equality of votes, the President shall have a second or casting vote. A Director may at any time summon a meeting of the Board of Directors.

35. The President shall be the Chairman of the meetings of the Board of Directors; but if at any meeting the President is not present at the time appointed for holding the same, the Directors present shall choose one of their number to be Chairman of such meeting.

36. The Board of Directors may delegate any of their powers to a committee consisting of the President, the Agent and such member or members of their body as they think fit. Such committee shall be called the Executive Committee, and shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board of Directors.

Bank's Funds.

37. The Bank shall have no share capital, but shall carry on its business with funds raised by means of loans, as well as from deposits received from the members themselves or from others. The aggregate amount of such funds shall not for the present exceed Rs.....
The General Assembly shall, however, be competent to resolve upon an increase of the funds of the Bank if such a course should at

any time hereafter be found necessary owing to the expansion of business.

38. The rates of interest to be paid on loans and deposits shall, from time to time, be prescribed by the General Assembly.

39. The liability of the members of the Bank shall be equal as between themselves and joint and several as regards all others.

40. The cash balance in the hands of the Board of Directors shall not ordinarily exceed Rs..... .... All sums above this limit shall be lodged in a Government Treasury or deposited in a Government Savings Bank and be drawn upon from time to time as occasion may arise.

Loans.

41. Loans will be granted only to the members of the Bank and will be of the following classes:—

Class I. On the security of immovable property.
Class II. On joint pro-notes.
Class III. On joint instalment bonds.
Class IV. On *mubadala* or hand loans.

42. A loan of Class IV shall not exceed Rs.....,while a loan of any other class may be granted to the extent of Rs..... Provided however that no member shall at any time be indebted to the Bank in a larger sum than Rs....., including loans of all kinds granted both to himself and to other members on his security.

43. No person, who is not a member of the Bank, shall be accepted as security for any loan.

44. No loan shall be made except for an approved purpose connected with some agricultural operation which by its profits would enable the borrower to repay the loan, or for the redemption of land from an existing mortgage or for the liquidation of debts of any kind whatsoever existing at the time of the formation of the Bank or at the time of the admission of the borrower as a member of the Bank. The agricultural operation referred to above shall include the extension or improvement of the borrower's holding, and the purchase of manure, seed, cattle and implements, and other similar purposes.

45. An application for a loan may be made to the Board of Directors, or, where there has been a delegation, to the Executive Committee, either verbally or in writing. The Board of Directors, or the Executive Committee, as the case may be, shall enquire into the object of the loan and into the sufficiency or otherwise of the security offered, and make a record of the result of such enquiry in the Register of Applications for Loans. The applicant and his surety or sureties shall be bound to make true statements on matters thus enquired into. After making all such enquiry as may be necessary, the Board of Directors or the Executive Committee, as the case may be, shall either grant or refuse the loans applied for. Appeals from their refusal shall lie to the General Assembly. If a clear majority of not less than two-thirds of the total number of members of the Bank other than the applicant and his proposed surety or sureties, if any, should not be in favor of the grant, the refusal made as above shall be affirmed.

46. A loan of Class I—on the security of immovable property—shall ordinarily be repayable in less than five years, and in special cases, in any period not exceeding ten years, by equal annual instalments well within the borrower's annual margin of profits.

47. Loans of Classes II and III—on joint pro-notes and joint instalment bonds—shall ordinarily be repaid in less than a year. They may however be allowed to be renewed from time to time on good cause shown.

48. Loans of Class IV—hand loans—shall not be granted for any period exceeding three months. Renewals may be permitted.

49. No security in addition to the hypothecation of immovable property is ordinarily required in respect of loans belonging to Class I, though in special cases the additional security of one or more members may be required. Nor need any security be demanded for loans falling under Class IV. As regards loans coming

under Classes II and III, there should be at least two sureties.

50. The highest rates of interest chargeable on the different kinds of loans are as follow :—

Class I, 6 per cent per annum if the loan does not exceed Rs. 100, and 5½ per cent when it exceeds Rs. 100. Where the loan is repayable by annual instalments, interest is chargeable only on so much of the loan as is actually outstanding in the beginning of each year.

Class II, 7 per cent when the loan is Rs. 100 and under, and 6 per cent when it exceeds Rs. 100.

Class III, 8 per cent when the loan is Rs. 100 and under, and 7 per cent when it exceeds Rs. 100. The interest is chargeable only on so much of the loan as is actually outstanding on the 1st of every month.

Class IV, 1 pie per diem for every Rs. 20.

51. The General Assembly shall be at liberty to fix from time to time the actual rates at which interest should be charged, such rates not exceeding the maxima above prescribed.

52. The General Assembly shall likewise be competent to fix and prescribe from time to time, the time at which and the mode in which the interest chargeable on the several descriptions of loan made by the Bank, shall be recovered.

53. When a loan is repaid or recalled before the time fixed for its repayment, a proportionate reduction or refund shall be allowed of the interest payable or paid on account of such loan.

54. Absolute punctuality of repayment shall be enforced under pain of such fine as may be imposed by the general or special direction of the General Assembly for ordinary and excusable defaults, and of expulsion, as hereinafter provided, for persistent defaults.

55. No loan shall be appropriated for any other purpose than that for which it is obtained. Its appropriation for any other than an approved purpose shall render it liable to be recalled by a notice not exceeding three weeks.

Disposal of Profits.

56. The interest due on loans and deposits, the charges of establishment and the cost of contingencies, shall be met from the interest levied on the different kinds of loans made by the Bank and from the entrance fee levied from the members on admission, as also from the fines referred to in para 54 above. The surplus shall form a Reserve Fund which shall not be divisible among the members, but shall, after meeting unforeseen losses, if any, go towards the reduction of the loans and deposits required for carrying on the business of the Bank.

57. The members shall receive no remuneration for their services in connection with the Bank.

Removal, Resignation, Death, etc.

58. Any member persistently guilty of default or of violation of the Rules, or of gross neglect of duty, shall render himself liable to removal from membership by the votes of a majority of the General Assembly.

59 Any member who may permanently leave the local limits referred to in para 1 or who may cease to hold arable land therein, shall cease to be a member of the Bank from the date of such departure or cessation.

60. Any member shall be at liberty to sever his connection with the Bank by tendering a written resignation to the Board of Directors or the Executive Committee.

61. The death of any member shall result in the removal of his name from the Roll of Members, unless his legal heir or representative shall, in writing, consent to take his place with all his liabilities and obligations.

Provided however that if such legal heir or representative is, owing to minority or other cause, suffering from a legal disability, he shall not be allowed to take the place of a deceased member except upon written application made by his duly appointed guardian or guardians.

62. The removal or resignation of a member under para 58, 59, 60 or 61, shall secure for him and his assets, or for his assets, as the case may be, freedom from all liability for loans and deposits obtained, or in respect of loans made, and acts done or omitted to be done, subsequent to the date of his removal or resignation, but shall in no way affect liabilities contracted by the Bank previously thereto.

Accounts.

63. The accounts of the Bank shall be audited by a committee of three members, to be called the Audit Committee.

64. The first Audit Committee shall be nominated by the Board of Directors out of the body of members of the Bank.

65. Subsequent Audit Committees shall be nominated by the General Assembly.

66. The Audit Committee shall be supplied with a copy of the balance sheet, and it shall be their duty to examine the same with the accounts and vouchers relating thereto.

67. The Audit Committee shall have a list delivered to them of all books kept by the Bank, and they shall at all reasonable times have access to the books and accounts of the Bank; and they may, in relation to such accounts, examine the President or Agent or any other member of the Board of Directors.

68. The Audit Committee shall make a report to the General Assembly upon the balance sheet and accounts; and in every such report they shall state whether, in their opinion, the balance sheet is a full and fair balance sheet containing the particulars required, and properly drawn up, so as to exhibit a true and correct view of the state of the Bank's affairs, and in case they have called for explanations or information from the Board of Directors, whether such explanations or information have or has been given by the Board, and whether they or it have or has been satisfactory; and such report shall be read together with the report of the Board of Directors at the next ordinary general meeting.

69. The powers conferred, and the duties imposed upon the Audit Committee shall, as far as may be, be exercised and performed by such officer or officers as the Government may from time to time appoint for the purpose of auditing the accounts of the Bank or enquiring into its affairs.

Notices.

70. A notice may be served by the Bank upon any member, either personally, or by sending it through the post in a letter addressed to such member at his registered place of abode.

71. Any notice, if served by post, shall be deemed to have been served at the time when the letter containing the same would be delivered in the ordinary course of the post; and, in proving such service, it shall be sufficient to prove that the letter containing the notice was properly addressed and put into the Post Office.

General.

72. No member shall so deal with his property as materially to diminish his resources and affect his solvency, on the strength of which he has been admitted to the benefit of this Bank.

73. It shall be lawful for the Board of Directors or the Executive Committee as the case may be, subject to the approval of the General Assembly, to re-call by three weeks' notice any loan made to, or on the security of, any member who by his conduct or dealings has endangered the security of any loan granted by the Bank or who has ceased to be a member of the Bank under para 58

59, or 60, or whose legal heir or representative after his death, does not take his place notwithstanding the non-existence of any legal disability.

Provided however that no loan shall be liable to be re-called by reason merely of such legal heir or representative not taking the place of the deceased member in consequence of his minority or other legal disability.

74. Any loan made to the Bank by Government shall be deemed to be an advance made for agricultural objects to the members of the Bank as holders of arable land, within the meaning of section 194 of the Mysore Land Revenue Code, and the same shall be recoverable from the members jointly and severally as an arrear of land revenue under the provisions of the Mysore Land Revenue Code or of any other law for the time being in force.

75. If, owing to resignations, deaths, removals or other causes, the total number of members of the Bank should at any time fall below two-thirds of the number which constituted the Bank on the date of its formation or on the date of the augmentation of its funds, or if according to a majority of votes at a general meeting there exists a disagreement among the members so serious as to render the further continuance of the Bank undesirable, or if Government directs the recovery of loans made by it to the Bank on the ground that the affairs of the Bank are in an unsatisfactory condition, all further transactions shall be stopped, and all outstanding loans of whatever description shall be re-called by a notice not exceeding three months, at the end of which period the Bank shall be wound up under such arrangements, not inconsistent with law, as shall be decided upon at a general meeting to be convened for the purpose. The members shall however continue responsible for the due discharge of all existing debts and liabilities.

76. When the Bank is wound up, all surplus remaining at its credit shall be used for such purpose of local general utility as shall be resolved upon by the majority of the members at a general meeting subject to the approval of Government.
